I'm pleased as punch to announce that I will be presenting a couple of sessions at the upcoming **CFinNC** conference, which is being held in beautiful Raleigh, North Carolina on October 17th and 18th. More details will be available soon, and I'll share them via this blog. For now I can reveal that I'll be presenting the following sessions:

- Introduction to CF9's Hibernate (ORM) Integration
- Advanced CF9 ORM Techniques

I'm really looking forward to this conference. Not only is it being organized by **some of the best minds in the world of CF**, but it's also free!

Stay tuned for more info, and I hope to meet some of you there.
